

# Lonewolf, Sense Of Life

I see the kids, wake up in the night  
they have no home, they have to fight  
against the hunger, against the cold  
Their only wish is to survive  
they still hold on to their lives  
but they are already dead

Bridge: When I see the children, falling on their knees  
when I hear them cry: "Help me, please!"

Refrain: Then I want to know, I want to know  
I want to know what's the sense of life  
Come on, take my hand, come on, be my friend  
Let's go together for a better life  
Let's go together for a better world

I see a man with only one shoe  
with nothing to eat and nothing to do  
sitting lonely in a dirty park  
I see a woman, her husband is dead  
she has no work, no money for bread her children don't help her

Bridge: When I see the people without hope  
when I see the hate around the globe

Refrain

Outro: I want to know what's the sense of life  
I search for the answer in my mind  
but there's nothing I can find  
the only sense of life is to survive
