

# Long Beach Dub Allstars, Fugazi

Well, you should never get your style from watching mtv  
all you get is fashion, no originality  
if I drove a Mercedes would I be someone?  
what clothes are they wearing or what drugs are they on  
Lord...  
or should I be a member of the Manson family

should I kneel and praise thee  
it all seems so trivial, but they call it marketing  
exploiting the talent, lord what a sin thing

said I feel your pain it's a shame,  
people I feel your pain some man is the blame  
but, I'm gonna break it down, any way that I can  
'cause I don't wanna use my hands.

I'm gonna scream I'm gonna yell,  
cause you built that wall around you,  
now you can't see out  
you can't hear my words  
no matter how loud I shout.  
I can't seem to move like cement on the ground.  
'cause I scream at the wall but police dont hear a sound.

Keep your ass on the road and I'll see you at the mall  
try screaming at a wall but one day it's gonna fall.  
and we don't need no video to make up for our song

Get the bros together with the drum and the bass,

put the pen to the paper in a unique style.  
and we mix that shit all up and then we rob up the place.  
cause the club will get boring with the same old beat.  
and if you need some music when you roll down the street.

people I feel your pain some man is the blame  
said I feel your pain it's a shame,  
people I feel your pain it's a shame,  
people I feel your pain some man is the blame  
feel your pain it's a shame,

people I feel your pain some man is the blame  
Hey! these naked fools,  
who uh, you think they are cool  
you try to deny me for simplicity.  
but I don't wanna bruise you I don't wanna lose you,  
What!!!!  
but don't try to deny me, boy!
