

# Longpigs, Baby Blue

Complete me  
fill my hole  
cause i've offered you the part on parole  
complete me  
don't let go  
cause i'm clinging to the mast it's your boat

sunken treasures  
gives a lot more pleasure  
than the rat  
if it come to that

my baby blue  
don't make it true  
that i'm a fool without your love  
my baby blue don't make true

completely  
fill my hole  
cause of all the types i've cast it's your role  
complete me  
don't let go  
cause i started to believe you had soul

with your willing  
got that hole needs filling  
feel i'm crippled  
now with you it's tripled

my baby blue  
don't make it true  
that i'm a fool without your love  
my baby blue don't make it true
