

Longpigs, Keep The Light Alight

Feet half broken
Sometimes you're working very hard
Prophet spoken
I didn't understand a word

Oh in your new shoes
Oh I don't think so
Sometimes when everything seems token
The only ticket is you're wild

With your sweet sugar
I can make it alright
With your sweet sugar
I can keep it all night
Keep on rocking
'Til the end is in sight
With your sweet sugar
I can make it all right
Keep the light alive baby
Keep the light alive baby

Bat an eyelid
Greased her loving palm
Someone somewhere should have saved her
But instead I just paid her

I'm so sorry
They didn't catch your name
So here we are, in God we trust
Because no one else is gonna look out for us

Your sweet sugar
I can make it alright
Your sweet sugar
I can keep it all night
Keep on rocking
'Til the end is in sight
With your sweet sugar
I can make it alright
Keep the light alight baby

Do yourself
A favor
Lick it up
The flavor

It's alright, it's alright, it's alright, it's alright
There's a light, there's a light
Where's the fight
For such a sweet train squeals
Of fat parades but i'm tired

Your sweet sugar
I can make it alright
Your sweet sugar
I can keep it all night
Keep on rocking
'Til the end is in sight
With your sweet sugar
I can make it all night
