I've been all around the world
Seen so many different girls in the clubs (yeah bo)
And garage girls are so fine
They're always blowing my mind (yeah bo)
Yeah (garage girls)

There's a crew up in this club
As sexy as can be
Scandalous ladies for you to see
Every time I'm in the club
They get me in a zone
I need to find a garage girl
Someone to call my own
Looking so sexy when they drop that move
Making the MCs shout out (bo)
Stylish and cool with their clothes on so tight
They're so many garage girls up in here tonight

I've been all around the world
Seen so many different girls in the clubs (yeah bo)
And garage girls are so fine
They're always blowing my mind (yeah bo)
Yeah (garage girls)

(Garage girls, garage girls, garage girls)
(Garage girls, garage girls, garage girls)
(Garage girls, garage girls)

Every time they step inside
The fellas stop and stare
Ridiculous ladies, they're everywhere
It's champagne forever and love's all around
I'm searching for a garage girl
So we can get on down

Looking so sexy when they drop that move
Making the MCs shout out (bo)
Stylish and cool with their clothes on so tight
They're so many garage girls up in here tonight

Yeah (garage girls)

All fine girls, all clubs clubs, all fine girls, all clubs
All fine girls, all clubs clubs, all fine girls, all clubs clubs I've been all around the world
Seen so many different girls in the clubs (yeah bo)
