

# Loraine McFarland, Another You

## Verse 1

- I can't take
- Anymore disappointments
- And I can't take
- The awful truth anymore
- No more
- Telling myself more lies
- When I know that
- You don't want me
- I'm sure
- I can delete all of your texts
- Even though it's not easy
- Forget what should be
- Once again

## Chorus

- No matter how hard that I try
- And no matter how many times
- I can't find
- Another you
- Even when you hurt me with words
- And damn it boy it sure does burn
- I can't find
- Another you

## Verse 2

- Remember
- How happy we once were
- And for once I was happy to
- And then
- Things just got so twisted
- And it got so hard for you
- To trust again
- I could never hate you
- Except one thing I hate
- Is how much that
- I love you

## Coda

- I can tell myself it's over
- And that I won't remember
- But I do and
- I can't help it
- I can't be without you
- I can't
