

Loraine McFarland, Bad Impression

Verse 1

- Things were moving so fast
- let the good things pass me by
- And I didn't realize it
- Until it was too late and I made a huge mistake
- Now I regret it
- The thing I thought was so horrible
- He turned out to be the sweetest thing

Chorus

- And I don't know why
- I did the things that I did and
- I want to make up for my mistakes
- Why do people say things
- When there so wrong
- Will you give him a break
- Or maybe just a second
- It all started out with a
- Bad impression

Verse 2

- Why didn't I open my eyes
- I blocked out all of the good things
- When the guy was so nice And I know (pause)
- He really tries
- He really does
- It takes a kind heart to forgive
- And I'm thankful that he did

Coda

- Impression
- A bad impression
- I admit
- I was wrong
- I'm sorry
- What was said and done
- And I don't know why
- I did the things that I did and
- I want to make up for my mistakes
- Why do people say things
- When there so wrong
- Will you give him a break
- And I don't know why
- I did the things
- A bad impression
- And I don't know why
- I did the things
- A bad impression
