

Loraine McFarland, Cautious Love

Verse 1

- Are you real
- Are you for real
- Cause it seems like you are way to perfect
- For someone like me
- I never had anyone ever tell me
- That they really
- That they really love me
- Or is it just talk

Chorus

- I am being cautious with love
- Cause i've been hurt and just because
- I need you
- I am being cautious with love
- Cause I don't wanna give up this love
- I need you
- Yeah I need you
- Don't break my heart

Verse 2

- I just wanna know if this forever you give
- This forever
- Does it have an end
- Cause i've heard enough of empty words
- Broken promises im getting use to
- I hope not with you
-

Coda

- Everynight before I fall aleep
- I text you I love you, I do mean
- Everything that I say
- I am putting all my trust in you
- Don't make me regret things I can't undo
- Cause I really do love you, but

Coda 2

- I am strong
- And I won't break
- But losing love
- My heart can't take
- Your all I need
- Please don't leave
- Cause you mean everything to me
- I'm giving
- All I got
- All my love
- Without doubt
- So please don't
- Leave me
- All alone
- Bleeding love
- I want you
- I need you
- I trust you
- I love you
- Don't walk away
- Don't walk away
- Don't walk away
- Don't walk away
