

Loraine McFarland, Color Outside The Lines

Verse 1

I'm sick tired of all the rules
Tired of being looked over
I just wanna break loose
You only live once a life
So go party hard
It's time to go play
Go and sing till your throat hurts
Dance over and over
Till you can't no more
Live it up
And let loose
Cause when your dead
Thats it
Thats the end
So have fun
And get a lil crazy
Have fun
The nights young
So get a lil louder

Chorus

So go crazy
And grab ahold of your crayons
And get some blank paper
Don't be boring
Be alive
Color outside the lines
Outside the lines

Verse 2

La bella vista
It's a beautiful life
So don't go waste it
If didn't notice
Times have changed
Be your own bad habit
Have fun
And get a lil crazy
Have fun
The nights young
So get a lil louder
