

Loraine McFarland, Everything To Me

Verse 1

- You mean everything to me
- I hate when you are gone
- I've become insomniac
- Cause you're in my thoughts
- You don't seem to see what I see
- When I look in your eyes
- But all I see is truth
- All I see is truth baby
- All I see is you babe

Chorus

- You mean everything to me baby
- It is true
- You mean everything to me baby
- All I want is you
- You mean everything to me baby

Verse 2

- I used to like someone but
- He never saw me
- I was just a good friend to him
- And nothing more
- It's over and done with
- Cause I found someone better
- And that one is you
- That one is you baby
- I found you babe

Coda

- That one is you
- That one is you
- I found you baby
- You mean everything to me baby
- It is true
- You mean everything to me baby
- All I want is you
- You mean everything to me baby
