

# Loraine McFarland, Fate

## Verse 1

Who  
Who knew  
I'd ever get to know someone  
I'd ever get fall in love with you  
You had  
You had me at the first hello  
And now I just can't seem to let go  
I don't wanna let go

## Chorus

Is this just fate  
Is this just a dream  
I don't wanna wake up  
I'll stay fast asleep  
What are the odds  
We would have met  
Now that we've did  
I've just felt so blessed  
This is just fate

## Verse 2

Why  
Did we  
Meet in the first place  
Maybe cause you bring a smile to my face  
I think  
Maybe it's suppose to be  
I hope we are meant to be  
I wish  
Cause I don't wanna let go

## Coda

This is just fate  
Oh oh oh  
Fate  
Oh oh oh  
I don't wanna let go
