

Loraine McFarland, Goodbye Princess

Verse 1

You think you know
About me
But you really have no idea
Theres another
Side of me
A side that some should really fear

Chorus

Goodbye princess
In fairytale land
Happiness has died
And lives here no more
Dreams have turned into nightmares
I have learned life is just not fair
So just say goodbye
Say goodbye

Verse 2

Mermaids drown
Clowns now frown
Prince charmings are not charming
Now I wonder
Why our parents lied
Screw once upon a time

Coda

What happens after you close the book
The end
Do they stay together
Or is it all just pretend
In reality we learn the hard way
So just let it go
Goodbye
You think you know
About me
But you really have no idea
Now I wonder
Why, parents lied
Screw your once upon a time
