## Verse 1

- By my family
- Never thought I could do it
- But I fought hard
- And I'll pull right through it cause

□

## Chorus

- I can, do the impossible
- I have, the world in my hands
- And I won't stop, cause I've got □
- To make a difference in this life
- With one voice, one heart, two hands I can

## Verse 2

- They said
- The odds would stand against me
- No money
- Equals no way to believe
- There's a voice there gonna hear
- A voice so loud and clear
- So let them say I can't do it
- Well you know what
- I can do it cause...

□

## Coda

- I'm gonna make them see today
- That I can do whatever I can
- So don't tell me
- So let them say I can't do it
- Well you know what
- I can do it cause
- (Chorus)
