Loraine McFarland, I Did It All For You

Verse 1
You
I did it for you
Every single thing
You put a spell on me
Now im hooked
When you walk into the room
I see you
I realize
Even though I want you
I cant have you

Chorus
Still I did it all for you
You know
I would never hurt you
You brought
Another side out underneath
You saw
The potential in me

Verse 2
Your smile
Gets me every single time
Knowing that your happy
Is good enough for me cause you deserve it all
You see understanding
Wherever you are standing
Be sweet
Reason
Passion
Kindess

Coda
You changed me underneath
You are
Everything
I ever wanted to be
Yeah
