

# Lorraine McFarland, I'm Not Giving Up

## Verse 1

- Give me a moment here
- So I can catch my breath
- Did I make it here
- Cause I was scared to death
- Some people tried to tell me no
- But I'll never let go
- To give up on this dream of mine
- It'll never happen

## Chorus

I'm not giving up

I'll never give up

Just because you think that I can't achieve nothing now

Now I've put my heart and put my soul... into something I believe in

I'm not giving up

I'll never give up

## Verse 2

People have said somethings

That they don't really know

Telling me I can't sing

I tell them where to go (long note) up 3

I told you once I told you twice

That i'm not letting go

For you fans that out there

You always take me home (Long note) up 3

## Coda

I told you once I told you twice

That i'm not letting go

For you fans that out there

You always take me home (Long note) up 3

I'm not giving up

I'll never give up

Just because you think that I can't achieve nothing now

Now I've put my heart and put my soul... into something I believe in

I'm not giving up

I'll never give up

I'm not giving up

I'll never give up

I'm not giving up
