

# Loraine McFarland, Let Me Go

## Verse 1

- You always liked me
- I could see it right through your eyes
- Sometimes I feel like
- You were the right one for me
- There were times we'd go crazy
- Sometimes we'd laugh hard
- Always something that brought me to you

## Chorus

- You waited just to long
- Thought you right your wrong
- Let Me Go
- Hope you wont forget me
- Even if I do leave
- And Let Me Go
- Just go

## Verse 2

- Everybody knew you were still into me
- But you just denied it
- A part of you still couldn't see
- We were made for each other
- But you didn't bother
- Why'ed you let go of your dreams

## Coda

- What you knew was a lie
- Even though I will shine for you
- Shine for you
- You waited just to long
- Thought you right your wrong
- Let Me Go
- Hope you wont forget me
- Even if I do leave
- And Let Me Go
- (REPEAT CHORUS)
