

Loraine McFarland, No One Believes Me

Verse 1

So tired of worrying
About all these stupid things
It all just keeps stressing me and
It's all not worth it
I'm losing my sanity
Cause no one is on my team
But what can you do
When the ones you love
Don't believe you

Chorus

Why can't no one understand
Everything I say
Gets pushed aside like nothing
Sometimes it makes me feel
Like I am so unwanted
Don't wonder why im unhappy
When it all comes down
To what you don't see
Cause no one believes me

Verse 2

So much confusion
Circlin' inside my head
What this one and that one said
It's all an illusion
Some spell that your under
You can't hear my thunder
But what can I do
The ones I love
Don't believe you
