

Loraine McFarland, They Weren't For Me

Verse 1

- It's really sad
- When the things you thought you knew
- Turned there backs on friend
- They wont understand
- The pain I wen't through
- Feeling disappointment
- From friends you once knew
- Yet I was there for them, they weren't for me

□

□ Verse 2

- Sayin' im sorry
- Won't erase those thoughts
- I'm now moving on
- Now trying to be strong
- It's the hardest part
- I can't change my feelings
- I'm finally free
- When I was there for them, they weren't for me

□ Verse 3

- That's the price I pay
- Being nice did nothing
- No wonder I tried to rebel
- Cause no one was there
- But now it's all over
- I'm with friends who now care
- Now I am there for them, and there for me

□ Coda

- But now it's all over
- I left and im gone
- But instead of no one there, they forgot about me
- Instead of no one there, they forgot me
