

Loraine McFarland, Walked Away

Verse 1

- Here I am
- All alone again
- Staring at my phone
- And everything I do
- Reminds me of you
- Anytime someone says babe
- Your scent on my shirt
- Doesn't seem to go away
- Even though its been days

□ Chorus

- Since you went away
- I feel like a part of me's gone
- You say im the one to blame
- I did no wrong
- It's not my fault
- You walked away

□ Verse 2

- Can't even text on the telephone
- Just use to it saying your name
- Even though you did me wrong
- Between you & I
- What we had was real
- No matter what you say
- Even though we fade away
- We both know inside
- What we know today

□ Coda

- Hope your happy with that girl
- Hope she's everything and something more
- She may do things I couldn't do but
- Would she write a song for you

□ Chorus 2

- Since you went away
- I feel like a part of me's gone
- There's nothing left I can say
- I've moving on
- Though we belonged
- But you walked away
