

# Loraine McFarland, What I Can't Change

## Verse 1

- don't know about tomorrow
- can barely go through today
- There's things I wish I should have known
- So I wouldn't have become this way
- I thought I knew everything
- When it was all about you
- Instead I had to learn the hard way
- And got hurt, well that's nothing new
- 
- Chorus
- Oh well these are some things
- That I cannot change
- Oh well these are some things
- That I cannot change
- Cannot change

## Verse 2

- There's times I wish I could turn back
- And said what I should have said
- But now I finally realize that
- I am better off this way

## Coda

- No more living in the past now
- Open your eyes
- And don't turn around
- I don't know about tomorrow
- I can barely go through today
- There's things I wish I should have known
- But I won't live in all your mistakes
