

# Loraine McFarland, Where'd You Go

## Verse 1

- Did you think im stupid
- Think that I wouldn't know
- You messed around with her
- Just to see how far i'd go
- To see if i'd get jealous
- To prove to you that I was wrong
- Now im losing it all
- Don't catch me if I fall

## Chorus

- Where'd you go when I was not around
- Making nice with someone in our house

## Verse 2

- I'm sick of your lies and denyes
- When you see the tears in my eyes
- I thought you were all so true
- But all I see now is a fool

## Coda

- You think that you can play me
- But baby boy you thought wrong
- I'm not taking this no more
- So just go, walk out my door!
