

# Loraine McFarland, Why Do We Fall In Love

## Verse 1

- Why can't we find true love
- It's so close yet so far
- We try to push it away
- Even though he is the one

## Chorus

- Cause we don't know what love is
- We find it and we lose it
- Then why do we ever wanna fall in love

## Verse 2

- Some say they need someone
- Or they won't feel complete
- Love is just a guilty pleasure
- We fall in way to deep

## Coda

- Just answer me this question
- Why do we ever fall in love
- There is only one reason
- Cause it feels so fucking great
