

Loraine McFarland, Would You, Could You

Verse 1

- I only wish I could I find that someone
- Who will be there for me in the night
- Someone who will love all my imperfect flaws
- And still love how smart I can be
- So tell me
- Are you for me
-

Chorus

- Would you give me a part of your world
- Could you show me that I am your girl
- Would you want to want
- Wanna be there for me
-

Verse 2

- Would you care if i'd wanted to just be a friend sometimes
- Or would you say we were better off friends
- Could you open doors for me
- And spoil me to
- Or would say i love you way to much
- I wont mind
- Babe that's fine
-

Coda

- Tell me
- Tell me that you adore me
- And love the way I laugh
- Tell me that you won't leave me
- Just tell me!
