And cause I sincerely love Allah's Mathematics

(Chorus 2X: Lord Jamar)

Supreme Mathematics, this ain't black magic  
I do my work amongst dope fiends and crack addicts  
Civilized the savage, eighty five's run rampant  
We try'nna save these babies lives, (god damm it)

(Lord Jamar)

Yo, Knowledge is the foundation, of all things in existence  
Knowledge is symbolic to the black man  
The foundation of his universal fan  
Just like the son, in the solar system  
Wisdom is the wise words spoken by the wise black man  
Who is God, Wisdom is symbolic to the black woman  
Secondary, but, most necessary, to bring forth the seed of life  
Understanding is the best part, it manifest  
The Knowledge and the Wisdom that Allah possess  
Also symbolize the black child who rise, like  
Cream to the top, and never stop  
Culture is your way of life, my way of life is I Self Lord And Master  
Freedom is to free the dumb, I see the slums  
Full of mental slaves on the way to they graves  
They need..

(Chorus 2X)

(Lord Jamar)

Aiyo, Power is the Truth, and the Truth is the Light  
It take you right out of the dark and give you sight  
Refinement is to cleanse yourself, mentally and physically  
For so much not done typically, Equality is to be Equal  
In all forms of Knowledge, to share with my people  
God is Allah, and Allah is God  
Is what was told to Muhammad by Master Farrad, come on

(Chorus 2X)

(Lord Jamar)

Aiyo, Build is to add on, to all that's positive  
Destroy is take away all that's negative  
Born is bring into existence  
That can only happen if there's persistence  
I was Born twice, first through my moms  
Then through the womb of Islam  
Born is be complete, cause after that  
All numbers repeat, just add the zero  
Cipher is a circle, three hundred sixty degrees  
Knowledge 120, Wisdom 120, Understanding 120  
A Cipher is a person, place or thing  
My blood line trace back to kings

A Cipher is a person, place or thing  
My blood line trace back to kings  
Now do the Math...

(Chorus 2X)
