

Lordi, Don't let my mother know

I set the mood
It's like Evil Dead II
Out in the woods
Spread the fear with my tools
I need to see you
I need to feel you
Skull & bones
Grins & moans
Let me be the one to shock you
Don't let my mother know
that her baby's bad
Go tell the world
Mr. Monster is here
The great slash-o-rama's multen fear
I need to see you
I need to feel you
Skull & bones
Grins & moans
Let me be the one to shock you
Don't let my mother know
that her baby's bad
