

# Lords Of Acid, Concerto For, Me & Myself

I'm all alone in my room  
Just me & myself - me & my gorgeous body  
And my f\*\*ked up brain...  
We're thinking about all the precious moments we've had together  
Thinking about the places we've been, the people we've met  
The lovers that wandered in & out of our lives...  
The ones we used and abused and then dumped, cos they don't  
understand us the way we do  
No one can rip us apart...  
Let's face it girl, we don't need nobody else  
We can do it all by ourselves  
We're 2 in 1 in flesh & in blood  
We share everything - everything we've got

We'll stay together - forever, forever & ever & ever!!  
I know what you feel - I know what you  
like, I know what to do to drive you  
wild. The more you want the more you  
get, we're the same - we like it wet !!  
Oh yeah - oh !!!  
We're all alone in the room  
Just me & myself - me & my hungry body  
And my lusty brain  
We're thinking about what we wanna do together  
And before you know it we're doing stuff you can only  
Imagine ... & dream of
