

Lords Of Acid, Doggie Tom (Overture)

Every time I get naked
My doggy sees it all
He always gets excited
Cos I'm his squeaky doll
He's a horny little bastard
He's drooling from his tongue
I rub myself with candy
Gonna lure him with a bone
When I take him walking
With his studded jacket on
He's a macho little puppy
I pet him for a job welldone
He don't care much for bitches
They ain't his cup of tea
He loves his little pussy
And that pussycat is me
He's always feeling kinky
Oh yes he loves to play these games
On sundays he's my doggy
On monday he's my slave
I'm willing and I'm able
To turn my baby on
As long as he feels happy
He can be whatever he wants
Chorus :
Tom Tom - poodle Tom - got a bone for a job welldone x3
Tom Tom - doggie Tom - You make me come Tom
