

Lords Of Acid, You Belong To Me (Theme)

You belong to me
Can't you see you're part of me
We are one, you are mine
Baby till the end of time
Did you lie when you said
That you never would forget
That our love would last forever, forever ...
Last night I went insane
When I heard you call her name
If you'd go away baby
I could never stand the pain
Every minute of the day
I wonder if you've gone astray
While we're meant to be together, together...
You belong to me
Can't you see you're part of me
We are one, you are mine
Forever, forever...
Chorus :
Every single part of you is mine
Belong to me
Every single move you make
Every single breath you take
