Lords of Black, The Art of Illusions, Part I: Smoke

Behind a heavy fog
Hiding from what I love
I hear a distant voice fragile and weak
I pay for my mistakes
Now and every single day
I have to find you somewhere in time

What can I do I'm just another liar A simple cheating won't make up this time

Now you tell me how can I reach you No matter what I have to carry away And now that I walk thru fire and water Is moment to rise and use my last trick

Chorus

See... wonders and secrets Burning my broken soul Don't let me fall You... smoke and mirrors Feel that I've failed you Don't let me go

Dreams
Now for one last time
I can't stop loving you
Don't leave me alone
You... smoke and mirrors
I will be back to you
The way to see you again

What can I do I'm just another liar A simple cheating won't make up this time

Now you tell me how can I reach you No matter what I have to carry away And now that I walk thru fire and water Is moment to rise and use my last trick
