

# Loretta Lynn, Bring Some Of It Home

(Lola Jean Dillon)

Today is payday and the night will be long  
Don't sit at the bar till all your money is gone  
The baby get hungry when you drink too long  
So remember bring some of it home  
Honey you know I'm jealous cause you're all my man  
I know you get restless but I understand  
Ah but darlin' I'm as precious so before they're not gone  
Think of me and bring some of it home  
[ piano ]  
Tonight when the barmate sits down on your knees  
I know that it's easy to say that you're free  
When your love apetite starts coming on strong  
Don't forget me bring some of it home  
Honey you know I'm jealous...  
I need lovin' and bring some of it home
