Loretta Lynn, Christmas Without Daddy

(Jay Lee Webb)

Christmas Day is getting closer but there's sadness mixed with joy Every day a few more questions from our little girl and boy Not alone but there'll be lonely for their daddy won't be here And just like the air at Christmas there'll be a chill upon the chill Christmas without daddy will be such a lonesome day We'll send a prayer and all our love to you so far away Your son just wrote to Santa asked him to send you home Yes Christmas without daddy we'll be blue and all alone [steel]

Christmas without daddy I don't know what we're gonna do On the present from your baby she wrote daddy I love you Your son just wrote to Santa asked him to send you home Yes Christmas without daddy we'll be blue and all alone
