

# Loretta Lynn, Darkest Day

(Loretta Lynn)

Darlin' when you told me you were leavin' I thought that you were only foolin' me  
But here I am to face old blue tomorrow with a broken heart that's filled with misery  
It seems that my world is through an end

Just dreamin' of things that might have been

Oh why I don't get all sunshine bright today's the darkest day of my life

(oh that's Grady Martin)

[ guitar ]

Oh how I wish that old scene is through it's always darkest just before dawn

Then I'll know soon I'm gonna see the sunshine

I just can't take this darkness on and on

It seems that my world is...
