

Loretta Lynn, I'm One Man's Woman

(Loretta Lynn - Peggy Sue Wells)

You know that I love you my love made me your fool
The way down deep inside I know you never will be true
But I'll keep holdin' on for love just as long as I can
I'm one man's woman but you're any woman's man
I'm one man's woman but you're any woman's man
But I can't let that change me into somethin' I can't stand
I give you all the love I have but your love is out of hand
I'm one man's woman but you're any woman's man

[piano]

Sometimes I have a notion to get revenge but then
Since I'm in love who cares about the place I've never been
When temptation smiled at me into your arms I ran
I'm one man's woman but you're any woman's man
I'm one man's woman...
