

# Lori Carson, I Want To Believe You

I want to believe you.  
I want to believe in us.  
When everything is wrong  
will you come through?  
I want to believe you.  
I want to believe you.  
I want to believe in us.  
When everything is wrong  
will you come through?  
will you come through?  
will you come through?  
When everything is wrong?  
I want to believe you.  
I want to believe in us.  
When everything is wrong  
will you come through?  
I want to believe you.  
I want to believe you.  
When everything is wrong  
will you come through?  
Will you come through?  
Will you come through?  
Will you come through?
