

Los Dynamite, Ready Ready

My story I'll help you understand
born, raised in Japan
left school I was 15
left home went to Berlin

I move I walked I walked
Sensation of stopping shocked
the sisters never approved
I went through life feeling guilt
Worked raped exploited I built
A job a trip to Brazil

And wore a suit and a sale
Sandy beaches money and
I moved I walked I walked
Sensation of stopping shocked
I moved I walked I walked
Sensation of stopping shocked

Won't you tell something
Won't you just try to understand
Wait don't run wait don't stay

Mom told me wait be steady be locked be ready
for things just like this
Mom told me wait be steady be locked be ready
for things just like this

Wait don't go
Wait don't run
Wait don't stay
