

# Los Pericos, Nada Que Perder

Let me go  
I'm so tired  
give me my part,  
because she loves my eyes.  
She's going away  
and you please  
don't call me home,  
because she love my eyes  
she's going away.  
So lonely night  
the only way.

Let me go  
I'm speed  
shout her name  
because she love my eyes.  
She's going away  
and you please  
don't call me home  
because she loves my eyes  
she's going away.  
So lonely night  
the only way.

Give me please the Chala  
let me go away  
(mi gente pide chala let me go away)
