

Lost Frequencies, Like I Love You (ft. The NGHB

it's a long way down
but if you don't look
you don't have to know it
and I can be around
to catch your fall
if you're losing your grip

can't you see that I come crawling on my knees to
get to you /3x
can't you see that I climbed out in the stress be
next to you /3x

but do you love like I love you?
don't have to rush if you want to
oh, I'll be patient
but just know that there's no way
that anybody else could love you
like I love you

like I love you
love you
like I love you
love you

know you've been hurt before
but a little love is enough to say you
you, we could take time for sure
cause something real is worth waiting

but do you love like I love you?
don't have to rush if you want to
oh, I'll be patient
but just know that there's no way
that anybody else could love you
like I love you

like I love you
love you
like I love you
love you
