

Lou Bega, Baby Keep Smiling

she she is the appetite my appetite for love
and I know that she is comin that she is comin from above
everytime I see her I just cant get enough
she is cute she is pretty and sometimes she is tough
she is my beauty
she is my beauty on the tv screen yeah she is !
and when you see her you would know what I really mean
yes she got legs that reach the skies
and she has eyes that are open wide
so please could you jump out that damn tv
and put those little arms all around me
there is nothin yeah there is nothin
like that little butt
planned out designed and coproduced by god
yeah when I see you I just cant get enough
cause she is cute and pretty and sometimes she is tough
she is my beauty
she is my beauty on the tv-screen yeah she is !
and when you see her you would know what I really mean
she will never dissapoint me she will never make me cry
she will never ever play me but her lovin lets me die
she will never dissapoint me she will never make me cry
she will never ever play me but her lovin lets me die
she is my beauty
she is my beauty on the tv-screen yeah she is !
and when you see her you would know what I really mean
