

# Lou Bega, Money

## CHORUS :

Money, oh money  
Be my baby, drive me crazy  
Money, oh money  
Wanna hold you, just like I told you

## 1. VERSE :

Every morning I wake up by your side  
Oh my feeling is so strong I cannot hide  
I wan't to hold you every second that I live  
And when you ain't next to me I get possessive  
You make me happy and you buy me things  
Cars and chicks and diamond rings  
All the stuff that is blinkin'

## 2. VERSE :

Some people say that money isn't everything  
I tell them no, look, you also need a diamond ring  
And a ton of gold and a lot of shares  
Your honey wants a private jet ?  
Man who cares  
You satisfy me and you turn me on  
And that is why I sing  
This song  
My dream is to own a money money factory

## C-PART :

Money money money  
Gimme gimme money  
Money money money  
Gimme gimme money
