

# Lou Reed, I'm So Free

Yes I'm Mother Nature's son  
And I'm the only one  
I do what I want and I want what I see  
Could only happen to me

I'm so free, I'm so free

Oh please, Saint Germaine  
I have come this way  
Do you remember the shape I was in  
I had horns and fins

I'm so free, I'm so free

Do you remember the silver walks  
You used to shiver and I used to talk  
Then we went down to Times Square  
And ever since I've been hanging around there

I'm so free, I'm so free

Yes I'm Mother Nature's son  
And I'm the only one  
I do what I want and I want what I see  
Could only happen to me

I'm so free, I'm so free

Oh - oh - oh, I'm so free, I'm so free  
When I feel good, I'm so free ...  
Early in the morning, I'm so free  
Late in the evening, I'm so free, I'm so free ...
