

Lou Reed, Lisa Says

Lisa says that it's all right
When she meets me at midnight
Lisa says that she has her fun
And she will do it with just about anyone

Lisa says, Lisa says, Lisa says, Lisa says,

Lisa says that she is on the run
Looking for a special one
Lisa says that every time she makes it straight
She knows her heart will break

Lisa says, ...

Looking for a party, some action
Gone to make it feel ok
But what do you mind
Where the time must come on down
Look in

Lisa says, ...
