

Louis Tomlinson, Don't Let It Break Your Heart

on our way to 27
got a place on the other side of London
doing better
doing better

I know you left a part of you
in New York under the bed in a box
but you're
doing better
doing better

life gets hard and it's gets messed up
when you gave so much but it's not enough
when the highs too high and lows too low
when you love someone and they let you go

don't you let it kill you
even when it hurts like hell
oh whatever tears you apart
don't let it break your heart

time takes time to heal it
you can't do it by yourself
whatever tears you apart
don't let it break your heart

it comes and it goes
we're driving down a one way road
to something better
what hurts you is gonna pass and
you'll have learnt from it when it comes back
you will
doing better
doing better

life gets hard and it's gets messed up
when you gave so much but it's not enough
when the highs too high and lows too low
when you love someone and they let you go

don't you let it kill you
even when it hurts like hell
oh whatever tears you apart
don't let it break your heart

time takes time to heal it
you can't do it by yourself
whatever tears you apart
don't let it break your heart
