

Louis Tomlinson, Just Like You

It's a guy from the one band
cigarette in my left hand
whole world in my right hand

25 and it's all planned
night out and it's 10 grand
headlines that I can't stand

But you only get half of the story
the cash, the cars, and the glory no sleep and we party till morning
cause nobody cares when you're boring

I'm just like you
even though my problems look nothing like yours do
yeah, I get sad too
and when I'm down I need somebody to talk to
you I feel; the same way as you would do too
same stress same shit to go through
I'm just like you if you only knew

if I had it my way
pub lunch every Sunday
Cheap beer and it's ok.
I wanna lay where she lays
I wanna stay in these days
Gonna smoke and it's ok.

But you only get half of the story
the cash, the cars, and the glory no sleep and we party till morning
cause nobody cares when you're boring

I'm just like you
even though my problems look nothing like yours do
yeah, I get sad too
and when I'm down I need somebody to talk to
you I feel; the same way as you would do too
same stress same shit to go through
I'm just like you if you only knew

every heart breaks the same
every tear leaves a stain
can't I just be the same?
every heart breaks the same
every tear leaves a stain
let me be the same!

I'm just like you
even though my problems look nothing like yours do
yeah, I get sad too
and when I'm down I need somebody to talk to
you I feel; the same way as you would do too
same stress same shit to go through
I'm just like you if you only knew
