

Louis Tomlinson, Two of Us

[Verse 1]

It's been a minute since I called you
Just to hear the answer phone
Yeah, I know that you won't get this
But I'll leave a message so I'm not alone

This morning I woke up still dreaming
With memories playing through my head
You'll never know how much I miss you
The day that they took you
I wish it was me instead

[Pre-Chorus]

But you once told me "don't give up
You can do it day by day"
And diamonds, they don't turn to dust
Or fade away

[Chorus]

So I will keep you day and night
Here until the day I die
I'll be living, one life for the two of us
I will be the best of me
Always keep you next to me
I'll be living, one life for the two of us

Even when I'm on my own
I know I won't be alone
Tattooed on my heart
Are the words of your favourite song
I know you'll be looking down
Swear I'm gonna make you proud
I'll be living, one life for the two of us

[Verse 2]

I can feel your blood run through me
You're written in my DNA
Looking back in every mirror
I know you'll be waiting
I'll see you again

[Pre-Chorus]

But you once told me don't give up
You can do it day by day
And diamonds, they don't turn to dust
Or fade away (Fade away)

[Chorus]

So I will keep you day and night
Here until the day I die
I'll be living, one life for the two of us
I will be the best of me
Always keep you next to me
I'll be living, one life for the two of us

Even when I'm on my own
I know I won't be alone
Tattooed on my heart
Are the words of your favourite song
I know you'll be looking down
Swear I'm gonna make you proud
I'll be living, one life for the two of us

[Bridge]

I promised you I'll do this
So all of this is all for you
Oh I swear to God you're living
Through everything I'll ever do

[Chorus]
So I will keep you day and night
Here until the day I die
I'll be living, one life for the two of us
I will be the best of me
Always keep you next to me
I'll be living, one life for the two of us

Even when I'm on my own
I know I won't be alone
Tattooed on my heart
Are the words of your favourite song

[Post-Chorus]
I know you'll be looking down
Swear I'm gonna make you proud
I'll be living, one life for the two of us
One life for the the of us
I'll be living, one life for the two of us

[Outro]
We'll end just like we started
Just you and me and no one else
I will hold you where my heart is
One life for the two of us
