

# Louis Tomlinson, We Made It

cos we made it  
underestimated  
i am always underrated  
now were saying goodbyes  
waving to the hard times  
yeah, it's gonna be alright  
like the first time  
mat you at your doorstep  
remember how it tasted  
looking into your eyes  
baby you were still high  
never coming down  
whit you had in mine

oh my  
I remember those nights  
meet you at your uni, cheaps drinks  
drink them all night  
staying up till sun rise  
share a single bed  
and tell each other what we dream about  
things we'd never say to someone else out loud  
we were only kids just tryna work it out  
wonder what they'd think if they could see us now

yeah cos we made it  
underestimated  
i am always underrated  
now were saying goodbyes  
waving to the hard times  
yeah, it's gonna be alright  
like the first time  
mat you at your doorstep  
remember how it tasted  
looking into your eyes  
baby you were still high  
never coming down  
whit you had in mine

oh god  
what I could've become  
don't know why they put this all on us  
when were so young  
done a pretty good job  
dealing whit it all when you're here  
don't need to say no more  
nothing in the world that I would change it for  
singing something poop-y on the same four chords  
used to worry about it but don't know more

yeah cos we made it  
underestimated  
i am always underrated  
now were saying goodbyes  
waving to the hard times  
yeah, it's gonna be alright  
like the first time  
mat you at your doorstep  
remember how it tasted  
looking into your eyes  
baby you were still high  
never coming down  
whit you had in mine

whit your hand in mine

no, no, no  
cos we made it  
yeah, cos we made it  
never coming down  
whit your hand in mine
