

# Louise, First Kiss

You can look but you can't touch  
'cos I'm with the man that I love so much  
And I never wanna be free  
'cos sleeping around just ain't for me

I feel a million dollars  
And not a penny less  
Why take the risk of a strangers kiss when you can have the best

The joy you bring to me, is clear to see

'cos from the first kiss I'll tell you this  
I fell in love  
And from the first touch I knew this much  
Heaven above  
And from the first night you held me tight  
In your arms it felt so right  
You know you got the touch boy but don't you push your luck.

When you go away  
I miss the touch that I need so much  
Your coming home to me  
I can't get enough of your sweet body

Dinner at mickey's  
Making love on elbow beach  
I'm gonna spend the rest of my life with you  
Our memories to keep

I have faith in you and I hope you got it to  
'cos from the first kiss I'll tell you this  
I fell in love  
And from the first touch I knew this much

Heaven above  
And from the first night you held me tight  
In your arms it felt so right  
You know you got the touch boy but don't you push your luck.

I'm never sorry, I'll make you mine  
To say goodbye, to my single life  
So please stay, oh stay  
'cos your all that I need  
You treat me right  
Boy your all naturally

I have faith in you and I hope you got it to  
'cos from the first kiss I'll tell you this  
I fell in love  
And from the first touch I knew this much  
Heaven above  
And from the first night you held me tight  
In your arms it felt so right  
You know you got the touch boy but don't you push your luck.

'cos from the first kiss I'll tell you this  
I fell in love  
And from the first touch I knew this much  
Heaven above  
And from the first night you held me tight  
In your arms it felt so right  
You know you got the touch boy but don't you push your luck.

Faith, hope, love  
Strength, joy, fun  
I, thank, god  
You know you got the touch boy but don't you push your luck.
