

Louise, I'll Fly Away

Fly away, gonna fly away
Fly away, gonna fly away baby

Boy let's talk about
All the things that change because
I can see the pain in your eyes
Oh baby
Why pretend it's real
'Cause I see how you really feel
Ain't no point in living with lies
It's the heart that's in love
In the dawn, can't you see my love
And I'm just so tired of being
Strong (so strong)
On and on
'Cause if you love me
Like you say you did
You'd tell me I'm wrong

I know it's hard for me to say
I just can't sleep this life away
Oh baby
We slip further everyday
I long that we fly away
Because we can't seem to change things
Just touching like strangers
And you've got the key,
please let me fly away

Boy don't talk about
Reasons just to work it out
Heaven must be passing us by
Oh baby
I just came to see
This love just ain't meant to be
Some things don't get better with time
Because Mamma would say
'Child you've got to hold to love'
She couldn't dream it slipped away
I'm happy to say
'Cause there's someone I just gotta be
But you won't let me change

I know it's hard for me to say
I just can't sleep this life away
Oh baby
We slip further everyday
I long that we fly away
Because we can't seem to change things
Just touching like strangers
And you've got the key,
Please let me fly away

Love left long ago
And I can't find the words to fit anymore
So why can't we fly
And I'll carry on
I'll make it baby all on my own

I know it's hard for me to say
I just can't sleep this life away
Oh baby
We slip further everyday
I long that we fly away
