

# Louise, The Best Thing

Let's creep inside the face to a woman's mind  
A million years of history is a what you'll find  
A loving sister, sexy mother  
Your best friend whilst still your lover  
Take it from me I know what's best  
About being a woman

The best thing about being a woman  
Keep you guessing 24/7  
The best thing about being a woman  
When your baby is from heaven  
The best thing about being a woman  
Oh yeah  
Is turning it on with remote control  
Switching it off when it's time to go

Taking advantage of the gifts we have  
I don't mean we have to treat our men so bad  
We know what kind of men we need  
The kind of man who likes to please  
We won't fake it just to make it  
You may think that I'm a tease  
But take it from me  
It's the best thing about being a woman.

The best thing about being a woman  
Keep you guessing 24/7  
The best thing about being a woman  
When your baby is from heaven  
The best thing about being a woman  
Oh yeah  
You don't have to take it lying down  
'Cos nobody's pushing us around

A cook in the kitchen  
A saint if you need her  
A whore in the bedroom  
Honey I'll be your teacher  
Taxi driver  
Child Minder  
Nine to fiver  
Sugar liar  
Soul provider  
Born survivor  
Like my mother

The best thing about being a woman  
Keep you guessing 24/7  
The best thing about being a woman  
When your baby is from heaven  
The best thing about being a woman  
Oh yeah  
Is turning it on when the lights are low  
Switching it off when it's time to go  
It's the best damn thing yeah  
The best thing about being a woman  
It's the best damn thing yeah
