

# Louise, The Slightest Touch

(hmm, the slightest touch)  
(hmm, the slightest touch)

I thought I knew how to handle my emotions  
Till you lit the fuse that triggered the explosion  
Mmm, you turn me on with the power of electric love  
Now I can't get enough  
Turn the voltage up!

The slightest touch and I go crazy with desire (desire, desire)  
The slightest touch could bring me to my knees, yeah  
Oh, watcha, watcha touch  
'Cause I'm a real live wire (real live wire)  
The slightest touch is heavy on me (so heavy)

You turn me into a raving maniac  
Till loco locomotive you keep me on the right track  
Mmm, you got my senses turned to your remote control  
You put a spark in my soul - Now, I'm too hot to hold!

The slightest touch and I go crazy with desire (desire, desire)  
The slightest touch could bring me to my knees, yeah  
Oh, watcha, watcha touch  
'Cause I'm a real live wire (real live wire)  
The slightest touch is heavy on me (so heavy)

[Spoken]

There's one thing that you should know  
I'm about to lose my self control  
So come a little closer - No, closer than that  
Touch me, that's where it's at!

The slightest touch and I go crazy with desire (desire, desire)  
The slightest touch can bring me to my knees, yeah (yeah)  
Oh, watcha, watcha touch  
'Cause I'm a real live wire (real live wire)  
The slightest touch is heavy on me, o-o-oh

The slightest touch and I go crazy with desire (desire, desire)  
The slightest touch can bring me to my kness, yeah
