

Lovedrug, Pushing The Shine

You see! i have legs that need to grow
I gave up everything
What love?!
Here's the end of the wire
A laughing party dies
Hello, hello
I am the sun
Now tell me: it burns! it burns!
Now i am pushing the shine on everyone
Cause it's my turn
You say i'm a bullet on my way
To meet the china world
Hey world
Get me love or get me out
My laughing angel shouts
Hello, hello
I am the sun
Now tell me: it burns! it burns!
Now i am pushing the shine on everyone
Cause it's my turn
Hello, hello
You are the sun
I tell you: it burns! it burns!
Now you are pushing the shine on everyone
Cause it's your turn
